STATE PRESIDENT MESSAGE

Dr. T. Senthamilpari, State President

| Mob: 9444408237 | drpari.kvt@gmail.com |

Dear Friends, Greetings to all,

I would like to share with you, the details of the new national educational policy which, on implementation, will invariably hurt modern medicine practice. We, the medical fraternity, are now in a decisive and critical time warranting immediate deeds to save the modern medicine by identifying some of the warning signs, which if not heeded and acted upon, will ultimately destroy modern medical practice.

Warning Signs for Modern Medical Practice - Sign 1

New national educational policy is paving the way to abolish dedicated health system and also providing lateral entry and exit for community health providers which eventually pave the way for mushrooming half-baked health professionals.

Niti Aayog formed four committees, which are now working on integrating all systems of medicine. Government of India wants to declare all MBBS graduates in India will be of integrative medicine by 2030.

Integrated medicine will end the existence of Ayurveda / Siddha in its unique identity and purity and the same results in community health providers, siddha and ayurvedic practitioners having the license to practice modern medicine, which is not only detrimental to the modern medical practitioners but also to ailing public. Similar attempts to mix systems of medicine in China decimated Chinese traditional medicine.

If the implementation of the new medical educational policy is allowed in its present form, many academically eligible students will shun away from joining integrated health system.

IMA ardently demands that attempts to integrate various systems of medicine should be stopped forthwith in the best interest of our people and the systems of medicines.

Warning Signs for Modern Medical Practice - Sign 2

Every year more and more Government as well as private medical colleges are being opened with the Government encouraging and thoughtlessly giving permission for the same. As a resultant situation many seats in M.B.B.S and P.G courses are lying vacant due to paucity of qualified students. As per WHO norms, doctor patient ratio is only 1:1000, whereas in Tamilnadu the same had been achieved long time back. Every year more than 10,000 doctors are being registered in Tamilnadu medical council including foreign medical graduates. This will lead to oversaturation of doctor population and consequent unemployment for fresh medical graduates. It is now evident that the average remuneration for the doctors is drastically coming down. Unless and otherwise this trend is stopped by our unified endeavours, our younger generation's interests will be jeopardized adversely.

Warning sign will continue in the next issue.

With Regards

No.116**for Constitution of Committee for Revision of Minimum Rates of Wages for the Employment in Hospitals and Nursing Homes in which our IMA and NHB leaders were also Members. After that G.O only we were able to get a hope that we can save our Institution and our practice.
- After Continuous representations we have got guidelines from Fire safety department, we have got many concessions for the Hospitals constructed before 2007 which is in **G.O (Ms) no - 138, Dated - 25.04.2022.**
- After our continuous efforts from IMA TNSB & NHB by meeting the Labour Officials and Minister now a new Committee has been formed and the proceedings are going on as per the **GO. (D) No.506, dated – 17.10.2022.** Now we have to pay our staff as per 2009 Basic + 2022 DA + Allowance as per Hospital

Norms. But we don't have enough representatives from NHB. So, we have given our representation again to include Members from NHB.

- Many Nursing Homes and Hospitals are facing issue with the CM Insurance Scheme; regarding this we met the Health Minister, Finance Minister, Health Secretary and the Project Director and gave our representation. From The Project Director we got a positive response, our representation has been taken to consideration and we are expecting them to call us for the discussion soon.
- We have made a representation again regarding the price hike, delayed payments and other issues, we have planned to meet the Health Minister and ask them to form a committee.
- We are planning to conduct the below given certificate courses from Nursing Home Board in future,
 1. CERTIFICATE COURSE ON HOSPITAL MANAGEMENT

FAMILY SECURITY SCHEME

Dear Doctors, Warm greetings.

"Every great tree has taken many years to grow. It has survived being eaten by animals and being cut down by human beings. A great tree has survived many storms and many seasons. A great tree provides shade for many people. A great tree provides wood for many people. A great tree provides a resting place for many birds. A great tree is a great thing and to have planted a great tree is a great accomplishment". Let's compare FSS with the analogy of a great tree's which has withstood almost 2 decades with all your support. Instead of striving for wealth, strive to become a blessing. Join in FSS, help FSS to grow further so that our scheme withstands and supports generations to come and be a blessing to others!

Trouble comes to all & the trouble doesn't last always. As per the saying we had moments during our tenure when we don't know what the next turn brings but we stayed in the process and submitted for pruning. The art of life is to make sure that you don't get out of trouble and be left with trauma. Hope we took the scheme out of trouble along with the leaders of IMA and created platform for further growth and completed our tenure without trauma with the support and guidance of you all.

We shall complete our tenure by 31st March -2023 & shall be handing over the FSS Office tentatively in the 1st week of April-2023 to the next team of office bearers. We wish the new team of office bearers who takes over the FSSoffice all the very best. **Thank you one and all. God bless.**
